Aravinda reddy

Aspiring Software Developer

Profile

As a motivated computer science student, I am seeking a software development internship to gain hands-on experience. Outgoing and friendly, with a strong drive to succeed, I bring a solid foundation in Java and have completed Front-end projects. As a fresher, I offer valuable project experience, demonstrating my commitment to meeting company needs through consistent and organized practices while excelling under pressure to enhance the organizational brand.

Education

Btech, SRM institute of science and technology , Kattankulathur , Chennai

September 2022 — April 2026

I Completed my first year with 9.37 cgpa

Intermediate, Narayana junior college, Anantapur , Andhra pradesh
